

EDUCATION

| | |
|--|---------------------------------------|
| Centurion University of Technology and Management B.Tech in Electronics & Communication Engineering; CGPA: 7.5 (ongoing) | Odisha, India 2022 – 2026 |
| +2 Govt. High School Jamalpur Class XII – Mathematics with Biology; 65% | Bihar, India Passed in 2022 |

SKILLS

- **Languages:** C, C++, Java, Python, HTML5, CSS3, JavaScript, TypeScript
- **Frameworks:** Spring Boot, Angular, React, Express.js, Node.js
- **Tools:** MySQL, MongoDB ,Git, Postman, VS Code
- **Platforms:** IntelliJ IDEA, Visual Studio Code
- **Soft Skills:** UI/UX Design, Problem Solving, Team Collaboration, Effective Communication

WORK EXPERIENCE

- Web Development Intern**
Yhills EduTech Pvt. Ltd. / Remote / Duration: 2 Months
- Contributed to full-stack development of web applications using Angular, Spring Boot, and MySQL.
 - Designed responsive front-end interfaces with a focus on UI/UX using HTML, CSS, and Angular.
 - Implemented secure backend logic and RESTful APIs with Spring Boot and Express.js.
 - Participated in code reviews, version control with Git, and collaborated within an Agile team environment.
 - Gained hands-on experience in deploying applications and handling real-time data and database connectivity.

PROJECTS

- Software Developer (Academic Project)**
Centurion University of Technology & Management / 2024–2025
- Developed a Web-Based Online Exam Portal for secure online assessments.
 - Key features included user authentication, dynamic question bank, anti-cheating mechanisms, data encryption, and automated result analysis.
 - Used Angular for frontend, Spring Boot for backend, and MySQL for database management.
 - Focused on scalability, performance optimization, and user-friendly UI.
- Personal Portfolio Website**
HTML / CSS / JavaScript
- Designed and developed a responsive personal portfolio website to showcase projects, skills, and contact information.
 - Implemented smooth scrolling, interactive elements, and modern UI using vanilla JavaScript and CSS animations.
 - Ensured mobile responsiveness and cross-browser compatibility using media queries and Flexbox/Grid layouts.
 - Hosted the website on **GitHub Pages** with a custom domain for professional visibility.
 - Source code available on GitHub: github.com/Gautamjha321

INTERESTS

- **Traveling** – Exploring new places and cultures to gain broader perspectives
- **Gaming** – Enjoying strategy and multiplayer games that enhance focus and decision-making
- **Reading Books** – Particularly interested in tech blogs, self-improvement, and fiction
- **Solving Coding Challenges** – Regularly practice on platforms like LeetCode and HackerRank to sharpen problem-solving skills
